

Feedback from Learners on Curriculum and Syllabus
Name of the Programme : B.Com.

Sr.No	Name of the Learners	How do you think the present syllabus is helpful to you ?	What are the topics that should be added in the syllabus?	What are the topics that should be deleted from the syllabus ?
1	Khushbu Chaurasiya	Bcom's all syllabus are useful for great future in fields of any kind of business There are many options available for students to make theirs carrier.	Latest version of technical tool like SAP and all	I don't think so that any topic should be deleted from the syllabus
2	Neha Yadav	Its very helpful	Consolidated Financial Statements	rectification of error
3	Priti Kanaujiya	To compete in the market the present syllabus will be helpful for people	Topics are added such as banking and finance and banking insurance or theoretical subjects are left for common B. com	Simple B.com would be okey in the syllabus for the people
4	Dhanashree Narayanrao Patil	Made me aware about the environment	More Current environmental happening	Nothing
5	Lubna Lakdawala	The syllabus in case of business communication was top notch! It helped me a lot to enhance my confidence and skills for public speaking. It also helped me improve my letter writing skills for the corporate world.	I feel it'll be more useful if certain topics like interviews etc have a practical approach. Since its business communication I believe it'll be more useful if theres more verbal communication done rather than simply giving a written examination.	Maybe summarisation under letter writing
6	Priyanka Maurya	Yes it is helpful .	The topics which are helpful for further courses like Mcom or for higher studies should be added so that the students have an idea of exactly what it is and how it can be applied in the near future .	Unnecessary explanations should be removed From the syllabus. It should not be more of theoretical rather it should be more of practical.
7	Lubna Lakdawala	I'd say moderately.	Maybe case studies like some balance sheets could be given and students	I don't think I have great knowledge in auditing to say about

Sr.No	Name of the Learners	How do you think the present syllabus is helpful to you ?	What are the topics that should be added in the syllabus?	What are the topics that should be deleted from the syllabus ?
			could be asked to audit those.	any topic that should be deleted from the syllabus.
8	Dhanashree Narayanrao Patil	Creates Environmental awareness	Latest environmental rules and laws	Nothing
9	Dhanashree Narayanrao Patil	Made me aware abt human rights	Mental health importance	Nothing
10	Nita Rajendra Gavkare	Relatable with current world situations	More topics with current world situations	.
11	Abhay Tiwari	Good	Add more knowledge about it	This much more outer knowledge including in this topic so remove it
12	Shalu Dubey	Helps to get detail knowledge	Limited liability partnership (LLP) chapter should be in more detail.	Syllabus covers all important topics
13	Vidyashree Sundar Poojary	It's quite helpful as one understands the basic term and it's need to study so	Maybe some corporate based live examples of company secretary to provide a better understanding of the subject company secretarial practice	Nothing
14	Srushti Santosh Salunkhe	Yes	Nothing	Nothing
15	Fouziya Mansuri	Gives a basic knowledge and details of the subject	More practical work relating to the corporate	Nothing
16	Dhanashree Narayanrao Patil	To gain legal knowledge	Constitution of India	No topic
17	Dhanashree Narayanrao Patil	It created awareness	Constitution of India	No topic
18	Mital Jitendra Gada	It was really helpful to me in way of presentation and my attitude and approach towards people, family and work.	Topic apart from communication skills such as our body gestures not even in a meeting but also when we dine and the different ways of dinning	Language and writing skills
19	Mital Jitendra Gada	It was helpful for steps to be taken to	Time Management for effective outcome	Motivation and leadership

Sr.No	Name of the Learners	How do you think the present syllabus is helpful to you ?	What are the topics that should be added in the syllabus?	What are the topics that should be deleted from the syllabus ?
		set up a business and factors which are core in pre business planning		
20	Fehmeeda Sayyed	It helps us to know about the topics which are related in future purpose	Not only we have to practice in the books but also practically in the computer so that we come to know about whether we really understood Or not	All the topics are important nothing should be deleted
21	Aniket Ahir	Yes,it helped me alot.	More practical knowledge.	Nothing, Every thing in syllabus is perfect.
22	Fehmeeda Sayyed	we are prepared in advance so that we are similar to each and every term about the topic	I don't know, but we have to do practical in PC so that we are used to it	Nothing should be deleted
23	Kritiknath Navik	No Maths Syllabubs should be frame in accordance with Competitive Exam Like Govt.Exams, SBI Po, Because When I was students in FYB.com friends tell what we will get from Maths .It is useless subject .	Chapters Like Speed & Distance ,Time & Work should be added.	Some Part of Statistics should be avoided.
24	Abhishek . Sharma	The present subject helped me to enhance my knowledge about Travel & Tourism and How this industry operates in a practical world.	International Tourism	No deletion of any topic just an updation. the
25	Varsha Bhati	We can apply that practically while working	Current syllabus is sufficient according to me	Nothing
26	Varsha Bhati	We can apply that practically while working	Current syllabus is sufficient according to me	Nothing

Sr.No	Name of the Learners	How do you think the present syllabus is helpful to you ?	What are the topics that should be added in the syllabus?	What are the topics that should be deleted from the syllabus ?
27	Dhanashree Narayanrao Patil	Very informative portion	More awareness how to preserve the life on earth	No topic
28	NISHA VASANT BORIYA	Yes	Improvement in skills	Letter writing
29	Fouziya Mansuri	Gives an understanding of the subject	Practical topics which will be helpful in the corporate world	Nothing
30	Priyanka Maurya	It is helpful in many ways and relatable to the practical knowledge.	The topics which are already there in the syllabus are important but atleast those topics which will be helpful for further studies must be included in short so that students have an idea of it.	I don't think that sem 4 economics syllabus have anything that should be removed or deleted. Each and every topic is important.
31	Jyoti Rajbhar	we acquire a lot of information that will surely be helpful in future	Some practical exercise should be there	I dont think that something to be deleted
32	Saili Kadam	Well planned, easy to note and is being explained by every teacher	Linguistics	Nothing
33	Saili Kadam	Well planned, easy to note and is being explained by every teacher	Linguistics	Nothing
34	Saili Kadam	Well planned, easy to note and is being explained by every teacher	Linguistics	Nothing
35	Jeevan Rawal	Yes	Nothing to be add	Therotical part
36	Saili Kadam	Well planned, easy to note and is being explained by every teacher	Linguistics	Nothing
37	Sakshi Nitin Malwade	The syllabus is very helpful as it covers present scenario of corporate world	Na	Na

AQAR 2021 - 2022

Sr.No	Name of the Learners	How do you think the present syllabus is helpful to you ?	What are the topics that should be added in the syllabus?	What are the topics that should be deleted from the syllabus ?
			added like empathy skills , critical thinking , collaboration skills etc.	
69	Sayali Ramesh Mhaskar	Yes, I think the present syllabus is very helpful to me for increasing my accounting knowledge.	The topic are currently are in syllabus are very important for students but I think the deeply concept of types of department should be added in this syllabus.	No one topic should be deleted from the syllabus.
70	Purva Vishwanath Bandivadekar	It comprises all the vital topics important for business communication	Digital and video Business Communication through meeting applications	Different forms of letter writing formats should be removed. Only those 1 or 2 formats should be kept which are currently necessary in the business world
71	Sayali Ramesh Mhaskar	The present syllabus is very helpful for students.	The topic related to business development and finance should be added in the syllabus.	I think no one topic should be deleted from syllabus.
72	Sayali Ramesh Mhaskar	I think the present syllabus of Business Communication are very helpful for me.	The topic related to Development of Business should be added in syllabus.	I think no one topic should delete from the current syllabus.
73	Varsha Arondekar	Not much	Extra curricular	The topics which are not important in future
74	Aditya Chavan	.	.	.
75	Sheetal Bindra	The Foundation Course subject was helpful as it gives knowledge about our Indian society, the Indian Constitution, spreads awareness about the inequalities related to caste system or gender, and how local-self governments function in urban and rural areas and what role do women have in it.	According to me there should be chapters added that help a person in personality development, which will be more helpful.	Nothing should be deleted instead the concept of disparity I & II should be combined into one chapter.

Sr.No	Name of the Learners	How do you think the present syllabus is helpful to you ?	What are the topics that should be added in the syllabus?	What are the topics that should be deleted from the syllabus ?
76	Varsha Arondekar	Yes a bit	In foundation course more of personality development should be added which will help students	The topics which are of no use in future
77	Aman Satish Bidalan	Yes very helpful	Physical attention	Online meeting
78	Yesh Rawal	Yes, coz it's less and easily understandable.	IT/Computer ,Marketing/Management , Cost accounting, Taxation.	Not compulsory but from these 1) Business communication 2) Foundation course 3) Maths & stats.
79	Nilay Bhole	Subjects like accounts, business communication, commerce felt very relevant and up to date. It helped us to gain knowledge in the field of commerce	1. Software training for applications like Tally, Advanced Excel which are relevant to accounting field. 2. Introduce Business Law in FYBCOM 3. Inclusion of more topics in Maths which are used in the statistical and forecasting field.	1. Instead of Evs 100 marks paper include Evs related topics in commerce subj. 2. Evs topics must be more relevant to business and industrial laws. 3. In Evs instead of stating problems include more solution towards the problem 4. Duplication of topic in Evs and Foundation course 5. Most of the topics included mathematics were taught in 12th std and felt repetitive.
80	Rhea Ferreira	This helps the internal management to make quick, informed and accurate future decisions	No idea	Accounting for Hire Purchase

			world. 3. Increase the depth of the existing topics to give students a wider knowledge of the concepts.	
119	Ekta Prakash Kakad	Yes	Nothing	Nothing
120	Sailee Sanjay Dhuri	Subject - ACC Overall helpful as some topics were previously studied in fyjc and syjc ..and also the syllabus will be helpful to get knowledge about things that are useful in our future day to day life .	No changes should be made.because syllabus is helpful as it is.	Nothing .
121	Khan Nadiya Afzal	I learned so many things about communications, consumed knowledge about ethics at work place, importance of listening skills, letters and resume. Further, while going for a job all these information will help myself to build confidence.	Apart from those theories some practical activities should be added. Eg, Speaking skills, Blog writing activities, book review writing activities. Practical activities create more interest to learn & study.	If possible reduce some theory parts and add more practical activities.
122	AKHIL CV MOHAN	IN ACCOUNTS THE PORTION IS VERY GOOD. IT'S VERY RELEVANT AND UP TO DATE. NEW TOPICS WERE ALSO VERY HELPFUL.	IN ACCOUNTS, APPLICATION TALLY SHOULD BE ADDED WHICH WOULD BE VERY HELPFUL.	NOTHING AS SUCH IN ACCOUNTS
123	Smitha Mahesh Kotian	It is helpful no doubt in that but it should be more practical rather than theoretical.	Topics relating to stock markets , Chapter regarding how to deal with interviews, modern ways of accounting etc.	-

131	Khan Nadiya Afzal	Gained theoretical & practical knowledge.	Tally accounting	Nothing.
132	Harsh Dhargalkar	Yes	The syllabus should be as presented	Nothing
133	Lavakush Ashok Dubey	Yes it is very helpful for us.	I don't think so, all syllabus is good for me.	No one the topic should be deleted from the syllabus all is good.
134	Lavakush Ashok Dubey	It is very helpful for me	No I don't think so any topic should be added all syllabus is enough and good for me.	No one the topic should be deleted from the syllabus all is good for us.
135	Neeraj	A lot	Nothing much	Nothing
136	Priyanshu Chandresh Chaudhary	Because it helped us to increase our level of knowledge and it is useful in future and especially for those who want to make their career in accounting and management.	In my view the basic level of cost auditing and GST should be included so that it can be useful for the students in future.	Some part of the final account may be excluded. which does not need to be studied in detail.
137	Siddhi Pavan Jain	it helps been increasingly aware of our environment and also of the place in which we reside.	more of topic similar to the ones in the present syllabus	None
138	Asif U Siddiqui	A lot	Some of practicalality	None
139	Asif U Siddiqui	Very much	Defines reality	Not a single 1
140	Asif U Siddiqui	A lot for practical reasons	None of them	Not anyone

Sr.No	Name of the Learners	How do you think the present syllabus is helpful to you ?	What are the topics that should be added in the syllabus?	What are the topics that should be deleted from the syllabus ?
		business world. Along with teaching, the professors should grade the students based on their behaviour and Language as well so that this type of discipline becomes a habit in the 3 years of our graduation journey.	that it improves our vocabulary.	control like the environmental or mostly the external ones. But it's still fine to keep it, just a bit of modification is needed there.
248	Nicia Dias	EVS It's really nice that EVS atleast doesn't give us a chance to forget about the environment around us. The structure of this syllabus is just perfect, as it starts with the basics what we have learnt in school going all the way to the things we need to know now especially the maps.	Nothing more to be added. Only a huge update is required in the data of the current syllabus.	If there are any unnecessary items that students won't actually use in their daily lives, then please do not keep that. (Since, I have not actually explored the world much, I wouldn't be sure of what is actually needed and what is not. But with the experience of our teachers it would be much easier to judge this part.)
249	Nicia Dias	Maths It's good as what things we will actually use are there in the syllabus. But the teacher incharge has to understand that from 11th & 12th not all students had taken maths as a subject and in Fybcom had to teach us the basics as well for topics like permutation and combinations, etc and elaborate more as to	Tips on how to do quick calculations in our daily lives like for big amounts so that business transaction calculation happen quickly like eg. what we do, and need in the subject of Accounts.	Nothing much really as it includes just the basic and to the point topics. It did become easy for us 12th (maths) students to learn, but I feel the SP students did have a bit of a problem

		where actually this maths will be used.		
250	Nicia Dias	<p>FC</p> <p>This Subject is truly the must needed one as this is all that we have to actually deal with everyday whether being a commerce student or not. There should be more practical aspects In this subject. I understand that our FY did happen online because of the pandemic, but maybe in our SY/TY can this please be practically implemented through our college?</p> <p>It's a request to the college to please give us the option to choose from the NSS & NCC foundation course as well.</p>	<p>There should be more knowledge on our voting system (practically), since I feel this generation, ain't a lot into politics.</p> <p>Understanding of Mental health, etc.</p>	<p>Nothing to be deleted, only I feel that the concepts should be more simplified in the book. No doubt Dhanashree ma'am thought us wonderfully.</p>
251	Priti Kumari Mithalesh Prasad	Yes present syllabus is helpful to me	No any topic add in a syllabus	No any topic remove in a syllabus
252	Shubham Subhash Dhivar.	<p>Business communications :-</p> <p>The present syllabus of business communication help me to gain knowledge about various methods, modes and problem arises in communication. It gives a brief introduction about business ethics and business etiquette also</p>	None.	None.

Feedback from Learners on Curriculum and Syllabus

Name of the Programme : B.Com. (Accounting & Finance)

Sr.No	Name of the Learners	How do you think the present syllabus helpful to you	What are the topics that should be added in the syllabus?	What are the topics that should be deleted from the syllabus ?
1	Arshi Mohammed Siddique	Yes, its is helpful for our future.	The topics which are useful in our daily lives, discipline and self confidence lectures.	Some theories which are not useful.
2	Prachi Ramakant Parab	Yes it is helpful the theoretical knowledge which we learn is been practically used.	More of practical based topics must be taken into consideration rather than theory based .	Topics which are theory based and not link with practical experience
3	Sadiya Khan	.	.	None
4	Shraddha Rathi	It has given us a brief knowledge on the topics we want specialize in and was helpful to further get into the corporate world.	Since everything is digitalized now, to learn more about the digital currencies and how they work would be helpful. Also, a little on financial modeling and how it functions as a software.	None
5	Preeti Gupta	Overall Fine	Practical applications	Concepts not used anymore
6	Divya Gupta	Tax is very helpful for my work	Some practical things	Nothing
7	Khushbu Dedhiya	Helpful but it is full of theory no practical knowledge .	Investment topics in detail their functioning aand so on must be included in all courses as it is the need of an hour	Old methods in account which are not relevant in present and future information about the laws and acts that r no more applicable
8	Isaac Raymond Fernandes	It was helpful in many ways and gained good knowledge in the subject of tax & international finance which will definitely help me to grow in my financial feild.	More practical knowledge in investments.	None.
9	Ricky Chettiar	It was helpful but according to me, there should be a bit more exposure in the finance field.	According to me , there could be a bit more detailed study on the finance part in my course, like in my course we dint learn in detail abt the valuation parts, so it can be added according to me.	Just theory topics I think can be taken off but specifically nothing... theory should be taken out because after graduating from colg.practical knowledge is important which is not taught in college
10	Anup Anandan	Yeah pretty much helpful.	Practical things like financial modelling should be added.	There were many topics in the syllabus which was really very outdated and which is not in practice

M.A.N.

AQAR 2021 - 2022

Sr.No	Name of the Learners	How do you think the present syllabus helpful to you	What are the topics that should be added in the syllabus?	What are the topics that should be deleted from the syllabus ?
				anymore. All these outdated topics is mere waste of time which should be deleted from the syllabus.
11	Mehzabeen Mehboob Patel	Its helpful in all the things related to accounts and how to remove a cost of particular thing. It helps us to improve the thinking capacity in terms of numbers and even considering a product value.	Topics like ITR of all kinds should be added in detail, and also topics related to stock market should be little more in deep and in an easy way.	Topics which are not related to finance or accounts should not be there. Example topic in economics are very vast and sometimes it is not related to accounts and fianance
12	Khan Shabeena Khatoon Azizuddin	The present syllabus has helped me to manage my own finance more effectively. With some accounting knowledge under your belt, you'll gain a deeper understanding of what goes on with your personal finance and learn important skills such as how effectively track expenses and work within a budget.	Risk Management: Risk management involves risk assessment , evaluation and calculating the investment that would keep the business safe. Study of risk management will enable us to formulate effective corporate strategies and keeping them protected from their own liability. Entrepreneurship : As the name suggests, the study is about strategizing, executing and running a business by the set investment amount. It helps to forecast the level of return as well as to take potential client into account.	-

Feedback from Learners on Curriculum and Syllabus

Name of the Programme : B.Sc. (Information Technology)

Sr.No	Name of the Learners	How do you think the present syllabus helpful to you	What are the topics that should be added in the syllabus?	What are the topics that should be deleted from the syllabus ?
1	Akshata Ashok Pawar	Yes	Raspberry pi	Wireless networking
2	Amit Negi	It was helpful as it cleared the road of making the basics strong for me.	For AWP, I think the better way to learn it is to create continuously, we can synchronize all the teachings using GIT and in that way, we will cover the extra room for improvement in AWP. For SIC, according to me, we must go with a more practical approach, and instead of theory we must show students, how a vulnerability is exploited by someone and why it's important to provide a more secure environment.	Nothing should be deleted in both the subjects according to me.
3	Khan Abdul Karim	It's make my life better to understand real world.	All topics are good so i don't have any suggestions	I think all topics are suitable for the understanding the real world so I don't have any suggestions for deletion.
4	Akshata Ashok Pawar	Present syllabus is helpful because it is including all the practical concepts	Robotics	Decision trees
5	Akshata Ashok Pawar	Yes it is helpful because there are so many algorithms which are really useful.	Power Bi concept	Predictive analytics
6	Akshata Ashok Pawar	Yes it help me to clear the concepts which I was weak	Gantt chart	Conflict
7	Rahul Tiruwa	Because it follows bottom to top approach	Computer Organization Architecture	Green Computing
8	Kannan Reddy	Considering GIS, the present syllabus is good but it's not that great. We do get the knowledge regarding the geographics and the method of representation which helps us understand in a better sense.	Practical approach should be more, the students should be asked or should be given assignments weekly based on creation of your own data set and create a map of familiar area. You should allow students to use their imagination to bring their creative inputs such as addition of general climate and temperature data.	Nothing as such basics are important for us.
9	Kannan Reddy	The present syllabus for cyber law is good.	Different kinds of cyber crimes should be included with respect to the case.	Old preceding which does not resonate with

Mmm

AQAR 2021 - 2022

Sr.No	Name of the Learners	How do you think the present syllabus helpful to you	What are the topics that should be added in the syllabus?	What are the topics that should be deleted from the syllabus ?
			There should be case studies more which is happening in the present and student should be asked to debate on the cyber crime and security in order for them to understand cyber law. They need to be asked to do a research and do a mock trail with fellow students. Cyber law is vast then only copyright infringement which students mostly think cyber law contains.	the current time and cases.
10	Kannan Reddy	SQA has a lot of things, it has different names for same things. Slight changes in the meaning but still there are lot of topics to cover but it's understandable since its about quality assurance.	Practical approach should be added. Students should be asked to create a very basic website or an application as an assignment apart from the final project and then they should be asked to record and create a report weekly basis for the entire semester which will actually help us in understanding the maintenance process of websites and application. We will also have a data created by us for better understanding which can also be used as a handbook or journal for the final project.	Redundant topics should be removed or should be written in a crisp manner because it confuses a lot of students in the process.
11	Akshata Ashok Pawar	Yes it is helpful because students getting clear idea & knowledge they will gain throughout the course.	Foreign key constraints	Functional dependency
12	Akshata Ashok Pawar	Yes it is helpful because students getting clear idea & knowledge they will gain throughout the course.	3D concepts	Ellipse drawing algorithm
13	Akshata Ashok Pawar	Yes it is helpful because students getting clear idea & knowledge they will gain throughout the course.	Event delegation	Serialization
14	Akshata Ashok Pawar	Yes it is helpful because students getting clear idea & knowledge they will gain throughout the course.	Mathematical reasoning	Sampling theory
15	Akshata Ashok Pawar	Yes it is helpful because students getting clear idea & knowledge they will gain throughout the course.	Realibility assessment	Iterative model

Sr.No	Name of the Learners	How do you think the present syllabus helpful to you	What are the topics that should be added in the syllabus?	What are the topics that should be deleted from the syllabus ?
16	Akshata Ashok Pawar	Yes it is helpful because students getting clear idea & knowledge they will gain throughout the course.	Routing algorithm	Time division multiplexing
17	Rahul Tiruwa	It is organized	Green Computing	Computer Organization Architecture
18	Amit Negi	It gave me a much-needed insight into how and what measures are required and are taken by the growing IT industries, both in terms of waste and waste management.	It is more of a theoretical subject and my input on improvement is that we can arrange an industrial visit or things like these so that students can see the activities they are studying first hand and can get complete knowledge about it as well.	No.
19	Akshata Ashok Pawar	Present syllabus is helpful to us as it is clarifying all concepts from basics	Virtual destructors	Function template
20	Akshata Ashok Pawar	Present syllabus is helpful to us as it is clarifying all concepts from basics	HTML5	javascript security

Feedback from Learners on Curriculum and Syllabus

Name of the Programme : M.Com. (Advanced Accountancy)

Sr.No	Name of the Learners	How do you think the present syllabus helpful to you	What are the topics that should be added in the syllabus?	What are the topics that should be deleted from the syllabus ?
1	Kausalya Udaiyar	The syllabus was quite helpful for me . Especially the taxation subject hd great relevance in the practical world.	I felt the topics were purely theoretical . It would be more helpful if practical topics would be added . And more accounting software's like tally ERP 9 etc should be taught to the students to enhance their skills.	I don't think any topic should be deleted from the syllabus. All the topics are quite helpful.
2	Namrata Angane	Yes its helpfull	Corporate Law in detail	None
3	Sonam Suresh tiwari	Many ways	The new changes needs to be added	As the new changes has been entered in the practical accounting work the old things needs to be deleted in order to provide new required knowledge to students
4	Khushi Mittal	Yes	No additional required	Nothing
5	Syed Alvira Jameel	Yes	Management studies	Irrelevant
6	Bajaj Jatin Deepak	I acquired great knowledge by this course syllabus, and was able to adapt it in my workplace.	A little advance topics for indirect tax.	None
7	Hemlata wadhvani	Yes	Advanced cost accounting, advanced financial accounting and indirect taxation	Theory
8	Esther Angelina Alison Fernando	It is helpful as it gives the overall practical knowledge of taxation and accounts	The present topics should be more descriptive	Topics which are not at all related to the current working field
9	Kokila Reddy	Helped me with the basic knowledge of the subject.	We should have been able to learn new types of accounting eg: Forensic accounting, public accounting, govt accounting. There should be training giving to students on accounting software's because that is very useful in the real world rather than just paper pen and theory it would distinguish the students among the others.	Most of the chapters were repetitive. I had same chapters in BAF. It would be appreciative of you to choose new chapters.

Sr. No	Email address	Name of the Alumni	Programme studied	Year of passing	How do you think the present syllabus is helpful to you ?	What are the topics that should be added to the syllabus?	What are the topics that can be deleted from the syllabus?
4	daneshbalsara@gmail.com	Danesh Balsara	M.Com. (Business Management)	2015	I think the syllabus is decently curated keeping in mind the current needs of the modern student. However more emphasis should be placed on constant honing of practical and interpersonal skills to help mould the students into a future the country can rely upon.	Accounting for incomplete records, branch accounts, business correspondence, language & writing skills, solid waste management, human rights, managing stress & conflict, disaster management, yoga education, quality of life and wellness, capital management, marketing management, money prices & inflation, field sales management, company documentation & formation, soft skills for effective interpersonal communication, value system & gender sensitivity.	Fire insurance claim, pricing & output decisions under imperfect competition, map filling, environmental movements, tourism, weapon training, correlation & regression, piecemeal, sales force management, secretarial correspondence, the sale of goods act, Indian financial system, intellectual property rights, office layout & equipment, transport development
