Career Counselling Report - 2021-22.

Total count of Learners (Degree College): 23

The career counselling experience of this year was very different. It felt good to be able to impart career knowledge that would be useful to the learners. A lot of learners from the degree college were happy to have received a direction regarding their careers path.

Below are a few observations:

- Learners are very serious about their careers.
- Some learners already had a list of questions to ask. They also came a little prepared about whatever career they wanted to know about.
- MBA, Banking, Accounting, Company Secretarial Practices are the most commonly sought after options.
