TOLANI COLLEGE OF COMMERCE (AUTONOMOUS)
REPORT OF SPECIAL PROGRAMME FOR ADVANCED LEARNERS IN
MATHEMATICAL AND STATISTICAL TECHNIQUES
CONDUCTED DURING A.Y. 2022-2023

Report of tests conducted for Advanced Learners of 2022-23

Based on the marks scored in mathematics in 2022-23, advanced learners were identified.

A WhatsApp group of these 20 students were formed on 05/07/2022.

All entrance exams for higher studies including CAT, CET, test for employment in banks, Railways etc. have quantitative aptitude as a component. Considering this, the college shared advanced mathematical and statistical problems to facilitate learning and equipped them for further studies and employment.

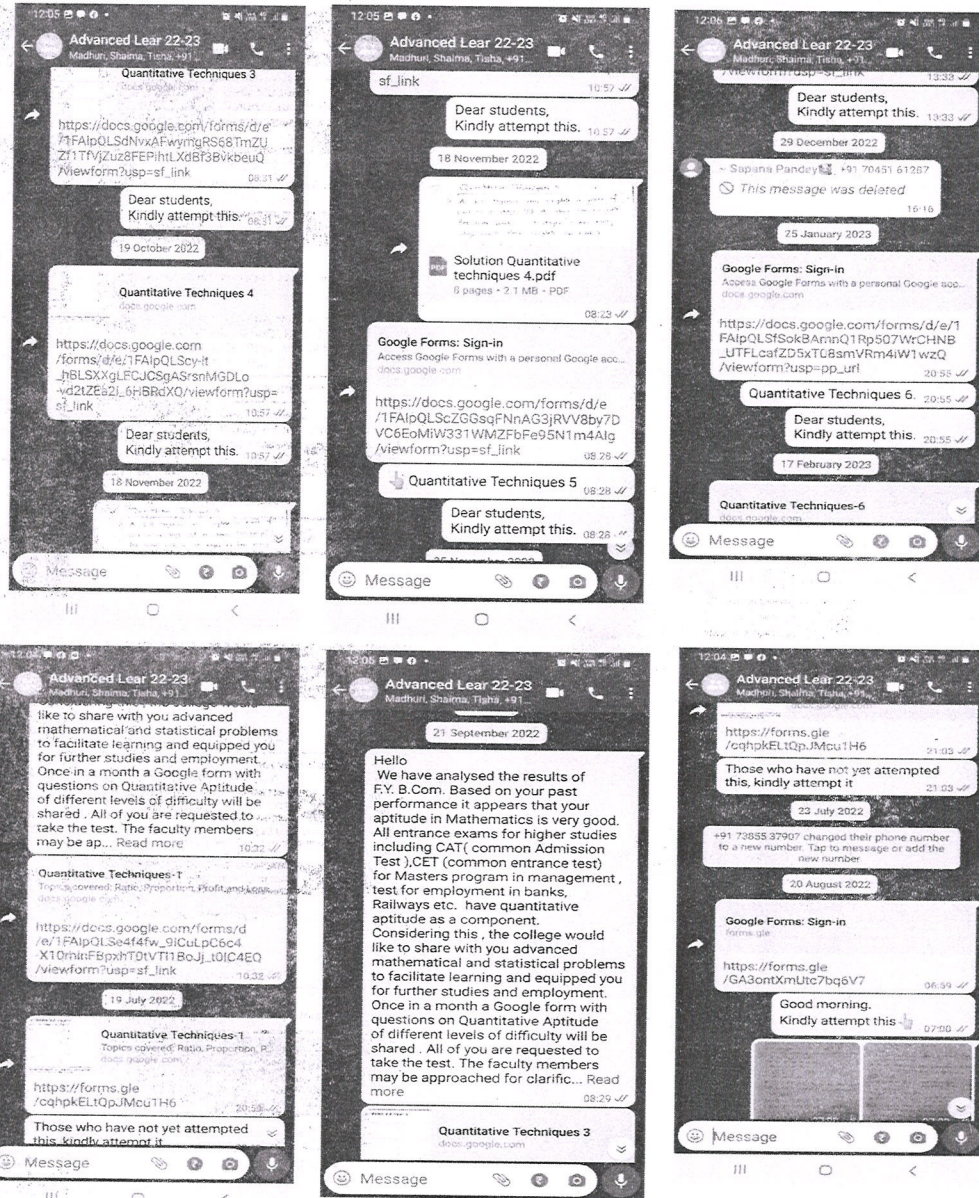

Once in a month a Google form with questions on Quantitative aptitude of different levels was shared and students were requested to take the test.
