From the desk.....

Yet another year drew to a close in the annals of Tolani College. The year was choc-a-bloc with activities. It was a year of remarkable hits and a few misses. We take pride in achieving a whopping 99.50% pass percentage in the February HSC examination 2025. In the sports arena, Kushal Talekar clinched the 2nd position at the DSO level tournaments in each of the categories; 800, 1500 and 3000 Metres competitions held at the University Grounds, Mumbai. He has added feathers to our cap by winning such prestigious laurels at the DSO level and Intercollegiate level athletic competitions. Kudos to him!

This is also the year when the School Quality Assessment and Assurance Framework (SQAAP) in accordance with the National Education Policy 2020, was implemented in our state of Maharashtra. Though we narrowly missed the A grade, we believe that with little more effort and resolve, we will be able to meet the expected educational standards and catapult our institution to a higher grade in the next academic year.

AI has revolutionized the world over and just as any one today, our students are also smitten by it. As a result, many of the write-ups in this edition of our college magazine reflect the various dimensions of AI. The write-ups display that the present youth not only understand the benefits, limitations and ethical implications of AI but they are also aware of their responsibilities while using it. The cover page creatively drawn by our FYJC student, Ms. Swarangi Parsekar also booms with the dominant theme of AI (AI and I – Partners in progress) of the present issue.

This year we celebrated grandly the birthday of our beloved founder, Dr. N. P. Tolani sir. The programme depicting the glorious life and selfless work of our founder, was well structured and executed. Each performance showcasing the kind, humble, enterprising and charitable attributes of Dr. N. P. Tolani sir, was inspirational indeed. We as Tolanians vouch to carry forward his unmatched legacy and make our institution always shine bright.

Ms. Geetha Ganesh, a senior faculty of the Junior College English Department, bid adieu from our institution by opting for Voluntary Retirement Scheme, after rendering 26 years of her services to our college. We wish her the very best in life. She is missed dearly by all of us.

All in all the academic year 2024-2025 has been eventful and memorable. With consistent drive and commitment, we are sure that the next academic year will usher in more cheer and joy of accomplishments.

As I end the piece, I wish all of you a happy read.

Ms. Debi Ghosh - Convenor
Tolani College (Junior Section) Magazine 2024-2025

Principal's foreword.....

It gives me immense pleasure to present this edition of our Junior College Magazine, a vibrant reflection of the achievements, aspirations, and all-round development of our students during the academic year 2024–2025. This magazine is much more than a collection of events and accomplishments; it is a celebration of the enthusiasm, creativity, resilience, and collective spirit that define the Tolani family.

Education today extends far beyond the boundaries of textbooks and classrooms. It is about nurturing inquisitive minds, developing ethical values, fostering creativity, and preparing young individuals to face an ever-changing world with confidence and compassion. At Tolani College of Commerce, we firmly believe in providing an environment where every student is encouraged to discover their potential, pursue excellence, and become responsible global citizens.

The academic year 2024–2025 has been a year of remarkable accomplishments and meaningful experiences. Our students have excelled in academics, with outstanding performances in both the FYJC and SYJC examinations, bringing laurels to the institution through exceptional results and subject-wise achievements. Their success is a testament to their perseverance, the unwavering support of their parents, and the dedication of our committed faculty members.

Equally commendable has been the enthusiastic participation of our students in a wide spectrum of co-curricular and extracurricular activities. From literary competitions, debates, quizzes, and poster presentations to cultural festivals, sports events, career guidance programmes, health awareness sessions, and community-oriented initiatives, our students embraced every opportunity with passion and confidence. These experiences have not only enhanced their knowledge and skills but have also instilled qualities of leadership, teamwork, discipline, and social responsibility.

This edition captures the vibrant rhythm of campus life—celebrations of national festivals, educational initiatives, literary and cultural activities, sports competitions, personality development programmes, and numerous learning opportunities that made the year memorable. Every page reflects the collaborative efforts of our students, teachers, coordinators, administrative staff, and management, who worked tirelessly to make each event a meaningful learning experience.

As we continue our journey in an era shaped by technological advancements and rapid societal transformation, it becomes increasingly important to equip our students with not only academic excellence but also adaptability, critical thinking, emotional intelligence, and a strong value system. Our commitment remains steadfast in creating an inclusive learning environment where innovation is encouraged, diversity is celebrated, and every learner is empowered to achieve his or her fullest potential.

I extend my heartfelt appreciation to our dedicated faculty members, non-teaching staff, parents, alumni, and the Management for their constant encouragement and invaluable support in nurturing the dreams of our students. Their collective efforts continue to strengthen the legacy of excellence that Tolani College has upheld over the years.

My sincere congratulations to the Editorial Committee for meticulously compiling this magazine and preserving the cherished memories of another successful academic year. I also congratulate every student whose achievements and contributions find a place in these pages. May this publication inspire

future batches to dream bigger, strive harder, and uphold the values of integrity, excellence, and service.

As you turn these pages, I hope you relive the memorable moments, celebrate the accomplishments, and draw inspiration from the remarkable journey of our students. Let this magazine stand as a proud testimony to the vibrant spirit of Tolani College and our unwavering commitment to shaping confident, competent, and compassionate individuals who will contribute meaningfully to society.

My best wishes to all our students for a bright, purposeful, and successful future.

Dr. Sadhana Venkatesh
Principal – Tolani College of Commerce

Family

The people we are surrounded with from birth.
The moments we spend with them are worthwhile.

The experience we get from them as infants,
Are blessings they grant.

Even in rain we played with our kite,
And our mothers didn't stay away from our sight.

We splashed, jumped, kicked in the water.
If we needed medicines, she searched every corner.

The father though staying tough,
Gets worried if we get cough.

Mother never for her own joy, left home.
Instead did everything for us and never forgot to even comb.

Mother is our first teacher;
When hurt, you'd first run to reach out to her.

I can't express much in words.
But truly mothers make our home and they are our world.

Hobbies

Hobbies make our life anew,
Which countless herbs cannot do.

A child is often born with some unique art.
It is often said hobbies are what you do by heart.

He started practising various things
but didn't succeed so to speak, feel like a king.

He explored many hobbies with gleam,
Read, wrote and painted his dream.

We do struggle with 'confusing' streams,
In this battle we let go of our hopeful dreams.

The child starts writing poems to express this sadness.
Finally, the realization is that poems can be written with pure madness!

Importance Of Nature

Nature's beauty is a wondrous sight,
Filling our hearts with peace and delight.
People cut down trees to make the things they desire,
Without thinking that they are putting nature on the pyre.

Trees and plants produce oxygen.
Cutting them down reduces our share.
Due to deforestation, birds lose their nests,
They are not left with a single place for rest.

Rivers and oceans are left in dismay,
As plastic waste is tossed away.
Nature responds to our mistakes,
Through floods, eruptions and earthquakes.
Spending time in nature relieves our stress,
Filling our hearts with joy and happiness.

Being Honest With Ourselves

Adeline was looking helplessly at the papers scattered in front of her.

Failure! Again, again and again!

Clutching the test paper, almost tearing it apart, she wondered - What went wrong? Wasn't she effortlessly good at everything? Isn't she gifted?

"Yes, I am. I am special. I can't fail..." Adeline reaffirmed her faith in herself, unable to accept this imperfect version, unable to accept that this ugly, grieving, unsuccessful part also belonged to her.

But a quiet voice interrupted her thoughts.

You are not perfect. You need to work on things, put in effort, you must try, may fail but you will improve. You aren't gifted. You got so used to success that you forgot how hard you worked to be 'perfect'. What about the little girl staying up late at night to pass the test? What about the person who used to write every day, repeatedly, to improve her writing? What about the person who cancelled all the plans only to memorise answers? Have you forgotten her?

Was she hearing things?

Who said that...?

It's you.

No... It's me, Adeline.

Yes! She knew it all along. She wasn't scared anymore. She accepted herself; perfect or imperfect; it was all about her. She would work hard and never forget that little girl of her past who had big dreams.

There are plenty of people we're ready to forgive in this world—but after all how many of us forgive and are honest with ourselves? We exhaust ourselves with extraordinary expectations and get frustrated when we can't fulfill them. So, let's be truthful to ourselves, forgive ourselves, accept ourselves and be happy.

Think Before You Click!

"2 kms long road stolen in Bihar village, land sown with wheat crops by goons instead."

Can you believe that? How can someone possibly steal a road? Sounds fake, but it isn't. Just because this unbelievable news is true, it doesn't mean every piece of news on the internet is true.

In today's digital era, the world has become a small place. Information flows at the speed of lightning, with news and updates reaching us through social media, websites, and messaging apps. However, with this ease and access comes a significant challenge: The Rise Of Fake News!

Fake news refer to false or misleading information presented as news. It can exist for various reasons, such as spreading propaganda, generating advertisement revenue through clicks or simply as a prank. But sometimes this prank can have far-reaching effects, from misinforming the public to inciting panic or hatred. Let me give you an example, another thing that was spreading faster than the Coronavirus was the array of fake news around us. Many people on the internet suddenly become doctors and come up with their own 'homemade' cures for Coronavirus/health problems, and people actually start to believe them. Just imagine how many people must have been misled by such fake news.

This is where media literacy becomes important. People need to understand for their own good, that not everything shared on WhatsApp is true. A well-informed population is the backbone of a democratic country.

Before sharing any news, verify its authenticity and also check its source. Do examine the headline too. Never stop looking for supporting evidence. Inspect the date as well. Verify with other mainstream media outlets. Develop media literacy skills by asking yourself questions such as "Who wrote this?", "What is the agenda?", etc. Learn to use fact-checking tools like the website Snopes.com or any Government fact-checking portals. Also do not forget to teach children how to identify fake news; it is our shared responsibility.

In a world flooded with information, media literacy acts as a guide. Nonetheless it helps us to distinguish the truth from falsehood and protects ourselves and others from the waves of misinformation.

In this battle against misinformation, the most powerful weapon isn't technology. Well, it is YOU!

Technology: Ready to Take Over the World!

Technology was created to simplify our lives, but over the time, we are becoming slaves irrespective of whether we realise it or not. Today, countless technological innovations help us work more efficiently and effortlessly. However, as the saying goes, every coin has two faces. Excessive reliance on technology can definitively have serious negative consequences.

Many of us are heavily dependent on technology and AI tools to accomplish our tasks. For example, students today often use AI tools like ChatGPT to complete assignments. While these tools are convenient and easy to use, this practice can lead to lack of research skills, limited understanding, and even biased responses.

Elon Musk, the renowned entrepreneur and tech billionaire, highlighted this concern during a conversation with the former UK Prime Minister Rishi Sunak. He stated, "AI will have the potential to become the most disruptive force in the history of mankind." His words are a wake-up call. It is certainly crucial to set boundaries for technological evolution.

To ensure technology remains a tool and not a threat, we must use it responsibly. This includes setting limits, strengthening critical thinking, and valuing human creativity. At the same time, governments and

institutions should work towards regulating their development to ensure that it benefits society. By doing so, we can harness technology's potential while protecting humanity's future.

Technology has immense potential, but it must be guarded wisely. If used thoughtfully, it can empower humanity. By maintaining our human values, we can ensure a future where technology uplifts us rather than dominates us.

AI: Boon or Bane

As we navigate through the 21st century, the influence of Artificial Intelligence (AI) on our lives is becoming increasingly evident. AI is omnipresent. It is existing from personal assistants in our smartphones to complex algorithms which determine global market trends.

Artificial Intelligence (AI) is one of the most transformative and revolutionary technologies of our time. While AI has the potential to bring enormous benefits to society, it also poses several challenges and risks. The question of whether AI is a boon or a bane is a topic of great debate and discussion.

One of the biggest advantages of AI is that it can automate many of the repetitive and mundane tasks that humans perform. This will allow humans to focus on more creative and value-added activities. AI can also enhance decision-making capabilities by analyzing vast amounts of data and providing valuable insights. In the healthcare industry, AI can lead to faster and more accurate diagnoses, better treatment plans, and improved patient outcomes.

Despite its many benefits, AI also poses several challenges and risks. One of the biggest concerns is probably the potential loss of jobs as AI and automation can replace human workers in various industries. Another concern is the ethical implications of AI, particularly in areas of privacy, security and bias. AI can also be misused for nefarious purposes, such as cyber-attacks, which can pose a significant threat to national security, individual privacy and civil liberties.

In conclusion, I believe AI is both a boon and a bane. While it has the potential to bring enormous benefits to society, it also causes hazards. It is crucial to ensure that the benefits of AI are shared equitably and the potential harms are mitigated. Ultimately, the success of AI will depend on how well we can balance its potential benefits and risks.

Do Our Differences Make Us Unique?

What makes us different? Is it how we look, think or live our lives? In a world where everyone seems to be trying to fit in, it's easy to forget that our differences are what truly make us special.

Just imagine if everyone looked, talked and acted the same, wouldn't life be boring? Our differences are like the colours in a painting; they add depth, beauty, and meaning to the world. Yet today, in an age ruled by social media and rising technology, we often struggle to celebrate what makes us unique.

The Role of Social Media: Social media is like a *double-edged sword*. It connects us to people worldwide, allows us to share our thoughts, and gives us access to endless inspiration. But it also creates a strange pressure to be "*perfect*." Today's kids, for example, are growing up in a world where their lives are being judged by '*likes*', '*comments*' and '*followers*'. They see influencers posting picture-perfect moments and wonder, "*Why isn't my life like that?*"

This comparison often hides what makes them unique. Kids start wanting to *look the same, dress the same*, and even *think the same*, just to feel accepted. But what if they realize that their *quirks* – their *passions, hobbies* and *ideas* – are what make them truly valuable?

The Beauty of Differences: Think of a world where everyone had the same hobbies, dreams or goals. Not only would it be dull - it would stop innovation and creativity. Our differences are the reasons for some people becoming artists, others scientists, and some; inspiring leaders, etc.

When kids embrace anything that makes them different, they inspire others to do the same. A *shy kid* who loves painting might one day create an art that moves millions. A *curious child* who asks endless questions could grow up to invent something groundbreaking.

The Impact on Future Generations: If today's kids learn to *accept* and *celebrate differences*, they will create a future where everyone feels valued for who they are. Social media and AI will continue to evolve, but it's *up to us* to use them wisely – to *connect, inspire, grow* rather than compare or conform.

Let's teach the next generation that their *uniqueness* is their *superpower*. At the end, it's not about '*blending in*' – it's about '*standing out*' and showing the world who you truly are.

A Thought to Remember: Our differences don't divide us; they bring us together. Whether it's the way we think, the way we create, or the way we dream, each of us adds something valuable to the world. So, the next time you feel pressured to fit in, remember this: ***You were born to stand out. Let your differences shine, because they're what make you the best of all.***

अमृतबेला से संध्या काल तक....

सुबह तो सुबह होती है प्यारों, शाम तो शाम होती है,
दोनों के बीच बारह घण्टे की दूरी बड़ी बात होती है।

सुबह दिन की शुरुआत होती है, शुभ काम की शुरुआत होती है,
सुबह तो सुबह होती है, शाम तो शाम होती है।

शाम को आराम की रात होती है,
सुबह तो सुबह होती है प्यारों, शाम तो शाम होती है।

सुबह को अमृतबेला कहते,
शाम तो शाम है प्यारों, ढल जाता सूरज फिर रात होती है, सुबह तो सुबह होती है प्यारों, शाम तो शाम होती है।

सुबह को स्वर्णिम बेला, अरुणोदय व मंगल प्रभात होती है,
सुबह तो सुबह होती है प्यारों, शाम तो शाम होती है।

शाम को संध्या काल अस्ताचल व ढलता सूरज फिर रात होती है,
सुबह तो सुबह होती है प्यारों, शाम तो शाम होती है।

सुबह तो सुबह होती है, शाम तो शाम होती है,
ना दोनों की कभी मुलाकात होती है।

आठवणीतला पाऊस

ऊन जरा जास्तच आहे ;दर वर्षी वाटतं.
 भर उन्हात आठवणींचं; आभाळ मनात दाटतं
 मग कुठून एक सर गर्जत बरसत येते.
 ढगांमधला काही भाग पंखाखाली घेते.
 ओल्या नभात सूर्य मग; ढगांमध्ये लपू पाहतो.
 श्रावणसरींच्या आनंदात; स्वतःसुद्धा चिंब न्हातो.
 मनी आठवणींची माला निसर्गच जणू पेरून जातो.
 प्रत्येक सरीत आठवणींच्या
 त्याचाच चेहरा कुठून येतो?
 सरींमधून हळूच वेडा
 आठवणींचा साधून मेळा
 थेंबात माझ्या भावनांचे
 प्रेमपत्र लिहितो त्याला.
 पुन्हा पाऊस साधून खेळ
 उन्हामागील कातरवेळ
 सांजवेळी कोवळ्या खळयांची
 जणूकाही थांबवून वेळ
 कोवळ्या क्षणात भिजवून तो
 रेशीम गाठी जुळवून तो
 रूपक कोवळ्या प्रेमाची
 मोहक स्पंदने घडवून तो
 हलके हलके मोकळा होतो
 हलके हलके भानावर येतो
 पानावेलींवर आठवणींचे
 द्रवबिंदू सोडून जातो.

लोकलची मैत्री- अंधेरी ते आयुष्यभर

अंधेरी स्थानक, गर्दीचा मेळ,
 ५.२५ ची विरार लोकल, गोंगाटाचा खेळ।
 तिथेच पहिल्यांदा भेट तुझी झाली,
 ओळखीची सुरुवात, मैत्रीत बदलली।
 दररोजच्या प्रवासात हसणं आणि गप्पा,
 लोकलच्या खिडकीतून वाऱ्यासंगे स्वप्नांच्या झुळुका।
 मैत्रीची वीण घट्ट बांधली, काळ त्याला साक्षी,

गाडीच्या दरवाज्यात उभं राहून पाहिलं मुंबईचं रूप,
 कधी कॉलेज बंक, कधी मरीन ड्राईव्हची सैर, तर कधी
 जुहू बीच, फक्त तू आणि मी
 दोघंच,
 जगाला विसरून घडवल्या आठवणी।
 गर्दीत हरवलेले पण एकमेकांत सापडलेले,
 मुंबई लोकलने आपल्याला कायमचं जोडलेले।
 आता ही मैत्री नाही फक्त प्रवासापुरती,
 ही तर आयुष्यभराची सोबत, न संपणारी सच्ची यारी।
 धन्यवाद त्या लोकलला, त्या वेळेला, त्या क्षणाला,
 ज्यांनी दिली आयुष्यात अनमोल साथ जिवाला।

वळ पावसा गावाकडे

शहरातल्या पावसा जरा,
 गावाकडे वळ रे.
 पिकांना सोसवेना आता,
 उन्हाची झळ रे.
 जमिनींना पडले आता तडे,
 पिकांचे करू नको तू मढे.
 रान सारे दिसेल सडे सडे,
 वळ तू पावसा आता गावाकडे.

जोमानं आलं होतं पीक,
 पहिल्या त्या पावसात .पाण्याविना जाईल खरे,
 काळाच्या ते घशात.
 येऊ दे रे आठवण तुला बळीराजाची,
 ओढ जरा ठेव तू गावाकडची.
 गावाकडे निसर्ग खूप आहे छान,
 कर तू पावसा गावाकडे प्रयाण.
 बळीराजाच्या मनात वारंवार एकच विचार येई,
 हा वारा पावसाला कुठे घेऊन जाई.
 पावसाची किंमत बाकीच्यांना नसेल,
 पण मला माहिती आहे तुझ्याविना ही धरती अधूरी असेल.

पाऊस.....

रिमझिम रिमझिम पाऊस पडतो,
 नकळत मन ओढतो!
 सुकलेल्या सजीवांना जीवनदान देतो....
 जात पात मानत नाही,
 धर्म कोणता जाणत नाही !
 निसर्गाची किमया सारी,
 तोच सारी घडवितो...
 थय थय नाचती पावसाच्या सरी,
 ढगांच्या तालावरी.....
 सजीव सारा तृप्त होई..
 गरीब श्रीमंत भेद नाही....!
 निसर्गातील सर्व काही तोच घडवितो!
 निसर्गातील सर्व काही तोच मढवितो.....!!!
 वर्षतां भाग्यं वर्षतां मृदुवर्षनम्.....!!!!!!!

सुसंगती सदा घडो

सुसंगती सदा घडो
सुजन वाक्य कानी पडो,
कलंक मतीचा झडो
विषय सर्वथा नावडो !!

मोरोपंत म्हणतात की सुसंगती सदा घडो. म्हणजेच चांगल्या माणसांची संगत नेहमी असावी. कुठल्याही माणसाने वाईट संगतीत राहू नये कारण त्याचा आपल्या मनावर परिणाम होतो ;असे मोरोपंतांनी त्यांच्या 'केकावली'त म्हटले आहे.

एक नासका आंबा सर्व चांगल्या आंब्यांना नासवतो .त्याचप्रकारे एखाद्या वाईट व्यक्तीच्या संगतीत राहिल्यावर त्याचे वाईट गुण आपल्यात येतात.

जर का एखादी व्यक्ती चांगली असेल तर त्याची सोबत असणाऱ्या लोकांमध्ये चांगले गुण येतात . पण जर एखाद्या व्यक्तीचे गुण वाईट असतील तर त्या व्यक्तीच्या संगतीतल्या लोकांवर पण वाईट परिणाम घडतो .संगत हा एक असा पैलू आहे जो माणसाच्या विचारसरणीला बदलतो व माणसाचे राहणीमान, हावभाव बदलतो.आपल्या संगतीमधली एखादी व्यक्ती जरी वाईट गुणांची असेल आणि आपण कितीही चांगले असू तरीसुद्धा आपली ओळख त्याच व्यक्तीप्रमाणे होते. म्हणून माणसाने नेहमी चांगल्या म्हणजे सज्जन लोकांच्या संगतीत राहिले पाहिजे. आपण कधीही, कोणत्याही व्यक्तीबरोबर असलो तर त्यांच्यातले चांगले गुण घ्यावे. प्रत्येक वेळी असं नसतं की एखाद्या माणसात वाईट गुण असतील तर त्यांच्यात चांगले गुण नसतीलच. जे गुण चांगले आहेत ते त्यांना जोपासता येत नाहीत .त्याचे ते चांगले गुण त्यांना आपण दाखवून द्यायचे.

ते जर एखादी वाईट गोष्ट किंवा वाईट कृत्य करत असतील ,वाईट बोलत असतील तर आपण त्यांना समजायला हवे; की हे जे तुम्ही करता ते बरोबर नाही. तुम्ही चुकत आहात.आपण त्यांच्या वाईट कृत्यात मदत करता कामा नये .म्हणून मोरोपंत म्हणतात की सुसंगती सदा घडो!

सध्याचे जग खूप बदलले .मुलं सुधारण्याच्या जागी बिघडत चालली आहेत. त्यांना जर चांगल्या गोष्टी सांगितल्या तर त्यांना पटत नाहीत .म्हणतात ना आताची पिढी खूप वेगळी आहे. पण

सर्वानी जर चांगली संगत निवडली तर जे अत्याचार होतात ते होणारच नाहीत. काही काही जण म्हणतात संगत वाईट असली तर माणसे बिघडतात आणि हे खरंच आहे ;पण आपण हे बदलायचं आहे .एका चांगल्या व्यक्तीमुळे पूर्ण देश बदलू शकतो म्हणजेच संगत चांगली असेल तर इतर लोकही चांगले होतात. म्हणूनच मोरोपंतांचे सुसंगती सदा घडो हे वाक्य प्रत्यक्षात आणायचे आहे. सर्वानी मनाशी ठरवायचं आहे की आपली संगत नेहमी चांगली असावी व एखादी व्यक्ती वाईट विचार करत असेल तर तिच्यात आपण परिवर्तन घडवून आणायला हवे.

सुहृद

लहानपणी पालक आपल्याला सांगतात की "चांगल्या मित्रांमध्ये राहा", हे काही उगाचच नाही. कारण माणूस हा सामाजिक प्राणी आहे. तो जसा जास्त वेळ ज्या लोकांसोबत घालवतो, तसाच तो होतो. जर मित्र चांगले असतील, अभ्यासू, नम्र, आणि शिस्तबद्ध असतील, तर आपणही तसंच वागतो. पण जर संगत वाईट असेल, तर नकळत आपण चुकीच्या गोष्टी शिकतो. आजच्या जगात सुसंगतीत राहणे कठीण आहे असं नाही; परंतु आपल्या अवती भवती माणसे कशी आहेत हे समजून घेणे फार महत्वाचे आहे. काही व्यक्ती स्वार्थासाठी आपल्या जवळ येतात. मित्र - मैत्रिणी बनवाव्यात पण त्या नीट ओळखून पारखून घेणे गरजेचे आहे. चांगली संगत आपल्याला पुढे जाण्यास मदत करते. चांगल्या लोकांकडून आपल्याला बरेच काही शिकायला मिळते. म्हणूनच आपण कायम सुसंगती ठेवली पाहिजे.

सहवास सज्जनांचा

सज्जनांची संगत. 'यदा यस्य संगती; तदा तस्य वर्तनं' अशी संस्कृत प्रचलित उक्ती ' व्यक्तीची संगत त्याच्या वर्तनात दिसून येते.'- या महत्वाच्या गोष्टीवर प्रकाश पाडते. समाजात चांगल्या व वाईट या दोन्ही प्रतींच्या व्यक्ती आढळून येतात. इतरांसाठी नेहमी प्रेमभावना ,आपुलकी असणाऱ्या व्यक्तींना सज्जन म्हणतात .मानवता धर्म जपणारी, तत्वांचे ज्ञान असणारी ,इतरांशी नम्र व प्रामाणिकपणे वागणा-या लोकांची संगती माणसाला आयुष्यात पुढे आणते. इतरांविषयी वाईट भावना ,द्वेष ,मत्सर मनात बाळगून केलेला विचार, नेहमीच वाईट बोलण्याची व करण्याची प्रवृत्ती असणाऱ्या व्यक्तीला दुर्जन असे म्हणतात . दुर्जनांच्या मनात नेहमीच 'आपला', ' परका' हा भेद जाणवतो .ते

नेहमीच मी मोठा, मी महान या गैरसमजात असतात. त्यांच्या मनात अहंकाराची कीड असते. दुर्जनांची संगती माणसाला दुर्जन बनवते. माणूस ज्या वातावरणात राहतो त्याच वातावरणातून तो नवीन नवीन गोष्टी शिकतो व त्यांचा अवलंब करतो; अशावेळी त्याने ठरवलेल्या संगतीचा त्याच्यावर व त्याच्या विचारांवर खूप मोठा प्रभाव पडतो. सज्जनांची संगती सज्जन; तर दुर्जनांची संगती दुर्जन बनवते. त्यामुळे संगतच प्रगतीत व अधोगतीत महत्त्वाची ठरते असं म्हटल्यास वावगं ठरणार नाही. लहानपणापासूनच आपल्या मनावर आईवडिलांद्वारे संस्कारांची बिजे रोवली जातात; ज्यात नेहमी खरे बोलावे, 'वसुधैव कुटुंबकम्' 'सत्यमेव जयते' अशा अनेक सुक्ती व सुवचनांचा समावेश असतो आणि या सर्वच विचारांचे, प्रवृत्तींचे सज्जन लोक आपल्याला या सर्व गोष्टींचा आपल्या आयुष्यात अवलंब करायला शिकवतात.

त्यांच्या विचारांचा पगडा आपल्या आयुष्यावर पडतो व जीवनाची बाग व्हायला वेळ लागत नाही. आपणही त्यांचे विचार आपल्या आयुष्यात आचरायला लागतो. त्यांचे विचार, बोल, शब्द, सहनशक्ती व ज्ञान हे आयुष्यात सभ्यतेकडे न्यायला मार्गदर्शक ठरतात तर; दुसरीकडे दुर्जनांची संगती तत्वे मोडून वाईट गोष्टी करण्यास प्रवृत्त करते. मोहापाई बऱ्याच चुकीच्या गोष्टी करताना आपण बऱ्याच लोकांना पाहिले आहे. त्यांच्या संगतीतील व्यक्तींनी केलेले काम आपणही करायला हवे या उत्सुकतेत बऱ्याचदा नको त्या गोष्टी होऊन बसतात.

'माझं- तुझं', 'आपला - परका' असा भेद बरेचदा दिसून येतो. माणसं माणुसकी विसरून स्वार्थी होऊन बसतात. वाईट गोष्टींकडे आकर्षित होणं हि माणसाची नैसर्गिक प्रवृत्तीच आहे; पण याच प्रवृत्तीला विरोध करण्यासाठी सज्जनच गुरु ठरतात. माणसाच्या प्रत्येक वाईट प्रवृत्तीत सुखद बदल घडवून आणण्याचे काम ते करतात. मोह, मत्सर, द्वेष, मद, राग या सर्वच वाईट विचारांचा विसर पाडून माणसाला शांत व प्रसन्न, आनंदी बनवतात; त्यामुळे माणसाने कोणाची संगत धरावी याचा विचार त्यांनी स्वतः करावा. शेवटी म्हणतातच ना "तूच आहेस तुझ्या जीवनाचा शिल्पकार!" म्हणूनच दुर्जनांची संगत धरून वाईट प्रवृत्ती आपली करावी; की सज्जनांच्या संगतीतून आयुष्य प्रफुल्लित करावे हे ज्याचे त्याने ठरवायला हवे.
